Oakland City University
138 N Lucretia St.
Oakland City, IN, 47660

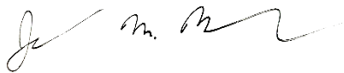

TO WHOM IT MAY CONCERN,

I am interested in filling the IT Service Desk position. As a System Analyst for Oakland City University, I have experience working with systems on campus. Fixing computers, troubleshooting, resetting passwords, working on equipment, and deploying equipment.

Aside from my technological experience I have held many managerial positions in fields ranging from fast food to factory settings. This background will provide me with the skills need for good communication between departments and University vendors.

During normal work hours I can be reached at (812)-749-1394. Outside of normal working hours you can reach me at (812)-766-1225.

Sincerely,

Jacob Moody
